Action 3.2 - Youth in the World

One world for all

Sharing best practices on the inclusion of young people with fewer opportunities

The general aim of the project proposal is to enable the exchange of good practices on the inclusion of young people with fewer opportunities (young people with HIV, disabled young people, young unemployed, young migrants) among NGOs working in the field of non-formal youth education from Italy, Greece, Spain, Mozambique, Brazil and Mexico.

The **specific objectives** we intend to achieve by the project “One world for all” are:

- To share information among partner organisations about youth work and youth policies addressed to the inclusion of young people with fewer opportunities in the countries participating in the project.
- To share experiences among partner organisations on non-formal education work with young people with fewer opportunities in the countries participating in the project.
- To identify and exchange best practices on the inclusion in our societies of young people with HIV, disabled young people, young unemployed, young migrants among partner organisations.
- To build up a network among partner organisations for implementing future activities in the frame of the Youth in Action programme.

The **direct beneficiaries** of this project proposal will be young people with HIV, disabled young people, young unemployed, young migrants and youth workers working with them from the countries participating in the project. We foresee to involve about 24 young people aged 18 – 25 years old and about 18 youth workers identified by partner organisations.

The **activities** we foresee to implement on the project are:

1. One preparatory meeting among partner organisations to define the working programme, to be implemented in Italy;
2. Two international seminars, linked to the partner meetings, to exchange best practices on the inclusion in our societies of young people with fewer opportunities, lasting one day and implemented in Italy and Mexico;
3. One international youth exchange with the participation of young people with fewer opportunities lasting 7 days with maximum 30 participants to be implemented in Greece;
4. One evaluation meeting among partner organisations to evaluate the project results and identify follow-up activities to be implemented in Mexico;

5. Production of a cd-rom containing the best practices identified during the project on inclusion of young people with fewer opportunities, translated in all partners' languages.

The **expected results** are:

- An international youth exchange with the participation of young people with fewer opportunities from Italy, Greece, Spain, Brazil, Mozambique and Mexico;
- Two international seminars for exchanging best practices on the inclusion in our societies of young people with fewer opportunities;
- A cd-rom translated in all partners languages (EN, IT, ES, GR, PT), containing best practices on integration in our societies of young people with fewer opportunities;
- An international network for the implementation of intercultural and inclusion activities both in the frame of the Youth in Action programme and other national and international programmes.

The **duration** of the project will be 12 months from December 2008 till November 2009.

The following associations constitute the **partnership** for the implementation of the project:

- UniTS - Università del Terzo Settore (Italy, promoter)
- Antigone (Greece)
- COGAMI (Spain)
- IBCM - Instituição Assistencial Beneficente Conceição Macedo (Brazil)
- SIIJUVE (Mexico)
- AJUDE – Associação Juvenil para o Desenvolvimento em Mozambique (Mozambique)
