

The International Meeting about Activism and Hate Speech

Born to be an Activist

Call for Participants!

Ever wanted to change the world and didn't know where to start? We can give you some ideas!

Take part in our youth exchange and international activity “Born to be an Activist” and learn how to become an active participant in society!

The general idea of the project is to bring young people together and let them share their knowledge and capacities in online campaigning, social activism, visual communication and working in NGO's.

In our theoretical non-formal learning workshop you will have the chance to develop new skills in working methods, activism, online and offline hate speech and tools like social media, photo and video. Afterwards you can begin to use your skills in a practical workshop with street actions, offline actions, design, photo and video editing!

When: 10.07.-16.07.

Where: Lisbon

It's your time to become an activist!
